

## 60 Years of Excellence... and many more to come!

### Welcome

Air Products Equipment Co. welcomes you to our new monthly newsletter! Not only do we have a newsletter but our website has been improved as well! Our website will better enable you to find the products you are looking for in our "What's New" section as well as links to manufacturers and their respective products. Each month we look forward to bringing new products and upcoming events to your attention. Click "more details" below to visit our website.

If you would like to "opt-out" from receiving this newsletter, please follow the instructions below.

### Upcoming Seminar

We are pleased to announce an upcoming seminar, "Air Distribution for Green Buildings and LEED Projects" This presentation will include applications of air distribution system designs and will show how they can be integrated into LEED, or other energy conservative design projects. Reservations for either of the meetings can be made by responding to Titus' website address below. Space is limited, so please reserve your place today.

### Titus Fan Coil Units

*Titus Fan Coil Units*

Air Products is now selling a variety of fan coil units available from Titus!

Titus fan coils are high quality products known the world over for ruggedness and durability. Our fan coils are designed and engineered for a wide range of applications including: apartments and condominiums, hotels and motels, schools and universities, hospitals and nursing homes. With many dynamic features, knowledgeable, responsive sales reps and solid software applications, Titus fan coils are the clear choice for engineers.

We look forward to bringing this product into our market and working with each of you on future projects.
